Civic Addresses for Properties in the Village of Christopher Lake

The Provincial Civic Registry (CAR) supports emergency response services. Civic addresses are linked to geographic coordinates that help emergency responders locate properties quickly and accurately.

The Village of Christopher Lake has assigned and updated civic addresses for properties with buildings or structures within the Village. These addresses have been registered in the Provincial Civic Address Registry, a database used by emergency services such as the RCMP, fire department, and ambulance services to locate properties quickly during an emergency.

Important things to know:

- All properties within the Village, including vacant and developed properties, have been assigned a civic address.
- These civic addresses are linked to GPS coordinates and are used by 9-1-1 emergency services to improve response times and assist first responders in locating properties.
- Road names and civic addressing information have been updated (Ridgeway Rd).
- Property owners should use their civic address when requesting emergency services, utility records, permits, or other location-based services.

The Village shall be installing a reflective address sign in on all properties starting in spring of 2027 to help emergency responders locate your property quickly.

If you have any questions regarding your civic address, please contact:

Village of Christopher Lake
Phone: (306) 982-4242
Email: vilchris@sasktel.net

Thank you for your cooperation.
